PETITION REQUESTING SUBSTITUTION OF PTOL-85 PART B – FEE(S) TRANSMITTAL

Dear Sir or Madam:

This Petition is being filed as a result of Applicant's discovery that it submitted an incomplete PTOL-85 Part B – Fee(s) Transmittal form ("85 Part B") for the above-identified patent application.

Applicant inadvertently failed to include current correspondence address, application number, filing date, first named inventor, attorney docket number, confirmation number, title of the invention, application type, small entity status, issue and publication fee amounts, date due, examiner's name, art unit, and assignee information.

Applicant has prepared a corrected 85 Part B for entry into the record, which is included herewith. Applicant respectfully requests that the Petitions Department review this replacement 85 Part B and ultimately grant its Petition to substitute the corrected 85 Part B for the originally-filed 85 Part B so that the Letters Patent will reflect the appropriate information.

Applicant's counsel was advised by the Office of Publications that a Certificate of Correction is not necessary since the Letters Patent have not issued yet.

Applicant believes that all relevant information has been provided in connection with its Petition Requesting Substitution of PTOL-85 Part B – Fee(s) Transmittal, including the processing fee required for the filing of this Petition. The issue and publication fees were paid with the previous submission, so no additional fees are due. Should anything further be required, Applicant invites the Petitions attorney to contact the undersigned attorney directly.

Respectfully submitted,
